1. The Building a makent and fitness for School purposes, done the comforts, health, exercise and convenience are wholly unequaled in the United States. We challenge a comparison. 2. The Six Acres of Lawn and Shade are enclosed so as to secure the greatest privacy and afford pupils the unrestrained freedom of childish sports and innocent amusements.

3. Non-Nectarian.—The Academy belongs to fifty gentemen represented by seven of their number of different denominations, pledged to preserve the non-sectarian character of the school. 4. The Maternal Care of the Boarding pu pils is entrusted under the constant supervision of the Principal, to ladies of culture and education, who devote their whole time to the happiness and comfort of the pupils.

5. The Health of the Institution is unprecedented in the history of schools. On y three deaths have occurred among the pupils in over forty years. The health statistics of the Institution are 6. The Rooms are large, well furnished, an 7. Security from Fire.—The buildings are heated by steam and nighted with gas, so that the pupils are secure from the ordinary accidents accruing from stoves, fire places, and moveable lights. Besides the evenness of temperature adds greatly to the health of the school.

S. Regulations which years have shown to be most adduct, will be continued in their full force. S. Regulations which years have shown to be most salutary, will be continued in their full force the fewest possible changes will be made in the rules and general arrangements of the Academy.

9. The Faculty is composed of thirty-five teachers and attaches, most of whom were associated with my predecessor. In the Literary Department, the teachers have had long and successful experience and most of them in the Old Academy. In the Music and Grnamental Departments the leachers, Professors and Artists are of high celebrity. A superior Harpist has been recently engaged for the ensuing year.
